GMM
17. Provide \$50,000 PR in 2001-02 to the Department of Workforce Development to fund a Trade Masters Pilot Program that would recognize advanced training and post-apprenticeship achievements in three trades, crafts or businesses one of which would be the industrial sector, one in the construction sector, one in the service sector of the economy. Require the Department of Workforce Development, by July 1, 2010, to submit an evaluation of the effectiveness of the pilot program to the Legislature.

RCT?
18. Provide \$500,000 in each of 2001-02 and 2002-03 as a one-time grant to the Town of Swiss in Burnett County and the St. Croix Band of Chippewa for design, engineering and construction of wastewater and drinking water treatment facilities. DNR

~~MAG~~ ~~RNK~~ 19. Provide \$30,000 PR annually in tribal gaming revenues to DNR for a study of crop damage caused by cranes. Funding would be one-time in the 2001-03 biennium only.

MAG
RNK 20. Provide \$10,000 PR in 2001-02 to DNR for a grant to the Wisconsin Conservation Hall of Fame.

RCT 21. Provide \$100,000 PR annually from tribal gaming revenues to the University of Wisconsin-Extension for the multi-agency land and water education grant program for grants to producers interested in grazing and nutrient management. Create an annual appropriation under UW-Extension for this purpose with reversion of unencumbered balance provisions consistent with other tribal gaming revenue appropriations. Prohibit the encumbrance of funds from this appropriation after June 30, 2006.

Grants would be awarded on a competitive basis for innovative educational or conservation practice assessment programs targeted at agricultural producers in the state. Applicants could include, but would not be limited to: (a) conservation districts; (b) state agriculture and natural resource agencies; (c) the Natural Resource Conservation Service; (d) University of Wisconsin; (e) nonprofit organizations; and (f) geographic management unit partner teams.

A project manager could submit multiple proposals but, at most, one proposal per project manager, per funding category, could receive funding during any grant selection cycle.

To be eligible for funding, programs would be required to emphasize education at the local level, focusing on either county, regional or statewide natural resource concerns. Programs would be required to further at least one of the following goals: (a) help agricultural producers identify and understand their natural resource and environmental conditions; or (b) plan, design, implement, operate or maintain conservation practices on agricultural land.

Preference would be given to programs that focus the majority of their educational efforts on the USDA Environmental Quality Incentives Program (EQIP) priority areas. Preference would also be given to programs that target traditionally under-served audiences such as Native American, African American, Asian American, Amish, women or low-income farmers. UW-Extension would establish maximum grant amounts depending on the quantity and content of the proposals and

Subject: tribal gaming Town of Swiss/St.Croix Tribe

When you draft the amendment for tribal gaming revenue to the Town of Swiss and St. Croix tribe, please set up the appropriation to say something like "no moneys may be encumbered (or awarded?) after June 30, 2003." instead of repealing the appropriation on June 30, 2003.

Thanks.
